Façade Survey

Condition Assessment

Critical insights into the exterior elements of buildings, ensuring aesthetic and structural integrity.

At Survey Air, we deliver efficient, cost-effective mapping surveys, tailor-made to facilitate building management.

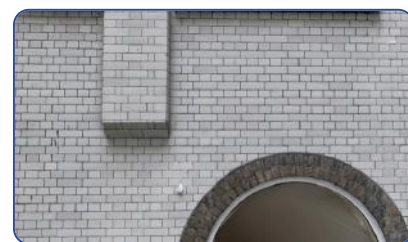

Façade Restoration

Detailed representations of existing architectural elements, supporting targeted remedial works and maintenance.

Building Envelopes

High-resolution imagery to assist with the identification of cracks, corrosion, or external cladding defects.

Real-Time Monitoring

Repeatable flight paths enable comparisons for monitoring condition and validating repairs over a period of time.

Why choose us? Trusted. Experienced. Reliable.

Custom-built dedicated client portal.

Up to **60-85%** time savings on data collection.

Fully compliant with UK **CAA** regulations.
