

Accurate external data,
ready for CAD or BIM...

Measured Survey

Design & Construction

Who We Are

Survey Air is a team of MRICS surveyors, licensed UAV pilots and geospatial specialists, offering enterprise drone services.

How It Works

Free Quote & Consultation

Detailed Pre-Flight Planning

Extensive UAV Data Capture

Fast & Efficient Output

What We Offer

UAV Photogrammetry

LiDAR Point Clouds

Multispectral Imaging

Advanced Processing

Any questions? We're here to help...

admin@surveyair.co.uk | www.surveyair.co.uk

Collect highly accurate survey data for urban design, planning, and construction workflows.

At Survey Air, we deliver efficient, cost-effective mapping surveys, tailor-made to facilitate planning and design.

Technical Design

UAV data can generate outputs in DWG & LAS formats, ensuring compatibility with AutoCAD and BIM workflows.

Roof & Elevation Plans

Drones capture hard to access façades, rooflines, and architectural features, supporting terrestrial scans.

Topographical Modelling

Obtain accurate ground levels, boundaries, and site features, including contours, spot height and surface details.

Why choose us? Trusted. Experienced. Reliable.

Custom-built dedicated client portal.

Up to **40-70%** time savings on data collection.

Fully compliant with UK **CAA** regulations.
