

Topographical data for
design & planning...

Site Survey Planning & Development

Who We Are

Survey Air is a team of MRICS surveyors, licensed UAV pilots and geospatial specialists, offering enterprise drone services.

How It Works

Free Quote & Consultation

Detailed Pre-Flight Planning

Extensive UAV Data Capture

Fast & Efficient Output

What We Offer

UAV Photogrammetry

LiDAR Point Clouds

Multispectral Imaging

Advanced Processing

Any questions? We're here to help...

admin@surveyair.co.uk | www.surveyair.co.uk

Create 2D maps and models for topographic insights, streamlining site planning and terrain analysis.

At Survey Air, we deliver efficient, cost-effective mapping surveys, tailor-made for site feasibility assessments.

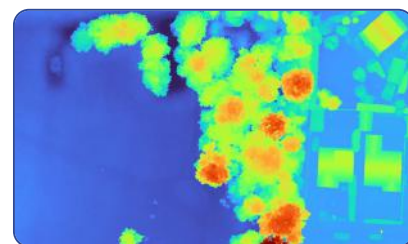

Planning Feasibility

Generate high-resolution maps and 3D models to visualise topographical and hydrological features for initial assessment.

Vegetation & Land Cover

Quickly assess the presence of vegetation that could impact construction or require prior mitigation through an EIA.

3D Contextual Models

Rendered 3D visualisations of real-world environments, capturing roads, buildings, utilities, and natural features.

Why choose us? Trusted. Experienced. Reliable.

Custom-built
dedicated
client portal.

Up to **60-80%**
time savings on
data collection.

Fully compliant
with UK **CAA**
regulations.
